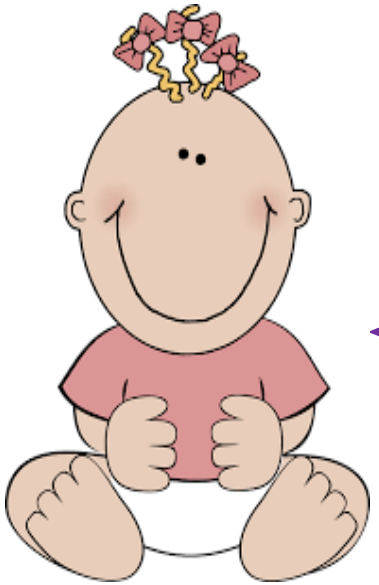
Bridging barriers to advance multisector-approaches to improve nutrition and health in low and middle-income countries

Dr Santosh Gaihre
Nutrition Innovation Centre for Food and Health (NICHE),
Ulster University

ANH 2020 Agriculture, Nutrition and Health Academy Week

http://www.anh-academy/ANH2020 #ANH2020 @gairesantosh

Multi-sectoral dimension of the determinants of health



- Access to safe water, sanitation and hygiene
- Exposure to pathogens

- Access to nutritious food
- Dietary diversity

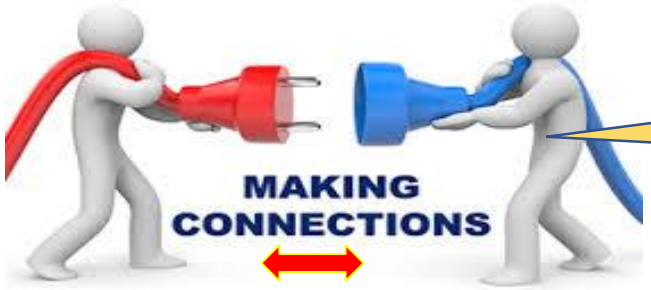
- Cooking with wood and coal
- Household environment

Identified barriers and facilitators: a case study of Nepal

'so many things are happening and we don't know whom to listen..'

'Various organisations implementing similar programmes …'

'We have multisector nutrition plan …'



'Lack of knowledge sharing platforms …!'

Thank you!
